| Care | Specialist Clean |

Wool Pillows Collection

Made with a 100% British wool filling and covered in a wool quilted, 280 thread count 100% cotton outer for breathability, moisture control and thermoregulation.

Our supplier's range of wool bedding is the only proven natural hypoallergenic bedding option on the market. Scientific testing over a period of six weeks has shown that dust mites cannot survive in wool which is why our range has been awarded the Allergy UK Seal of Approval. Great for those with asthma and allergies with no need to wash at 60 degrees or freeze your bedding to stay allergy free.

We do not recommend duvets and pillows for babies under 12 months old.

Wool Pillows
