

Natural Botanical Face Mask Collection

Product Details

Fabric Composition	Tencel
Fabric Type	Tencel Jersey with PU lining
Product Type	Face Mask
Colour	White
Size	Adult, Children
Suitability	Home Use, Contract, Hotel, Laundry, Residential
Care	Washable up to 90°C

Our new, breathable, washable, reusable botanical face masks are made exclusively in the UK from Tencel, a breathable natural fabric.

The face masks are made in a soft knitted jersey laminated with a breathable polyurethane membrane.

The membrane prevents any moisture getting through in either direction yet is still breathable and comfortable to wear.

The face masks are reusable and machine washable up to 90°C

They have 2 lines of elastic which fit around your ears.

Should the mask not fit snugly, the elastic may be cut in the centre and tied in a soft knot to fit.

These face coverings are not recommended for children age 3 years and under

Please note that this mask is not personal protective equipment.

The Fine Cotton Company Ltd. do not claim any medical benefits of using this product.

Please still follow and practice all relevant social distancing guidelines.

This product cannot be returned due to hygiene reasons.
